OVERVIEW

I am a motivated, enthusiastic team player who wants to pursue an apprenticeship due to the advantage of gaining real-word experience working in the computing industry alongside academic recognition. Technology has advanced drastically throughout my lifetime, and I want to be involved in the future design and development of this groundbreaking software, as well as the protection against it.

EXPERIENCE

Cleaner | Murray & Co. Birmingham Ltd.   **2022 - Present**

Perform weekly cleaning duties to maintain general cleanliness including communal and staff areas.

Food & Beverage Assistant | Hilton Metropole Hotel   **2022 - 2024**

Maintained thorough food, drink and menu knowledge, providing expert assistance with customer selections. Served meals and drinks with professionalism and skill, maintaining high presentation and quality standards whilst achieving departmental targets. Followed cash handling procedures and used till specific software.

EDUCATION

Software Development Boot Camp | JUST IT

Level 3 Software Development - Pass

A-Levels | Tudor Grange Academy

Level 3 National Diploma in Information Technology – Distinction Distinction (DD)
Mathematics – D

GCSEs | Archbishop Ilsley's Catholic Secondary School

10 subject grades at Grade 6/7/8 (A* - B equivalent) Including English & Mathematics

SKILLS

Programming Languages   I have used various programming languages in order to complete both my diploma and software development bootcamp. During these courses, I have used: Python, HTML, CSS, JavaScript and SQL.

Leadership & Teamwork   Through playing sports, I have gained lots of experience both being part of a team and leading one. In work environments, I can naturally shift into the position of team leader when necessary, however I am also able to let somebody else lead and play my part for the team.

Self Discipline   Due to the Covid pandemic, I had to prepare for my GCSE's at home. This meant that a lot of the learning was self taught. Additionally, I didn't have teachers instructing me throughout the day meaning that I had to motivate myself.
